

Appliances

Refrigerator

Freezer

Washing Machine

Dehumidifier

Identifying appliance efficiency

During your virtual pre-assessment, the technician will refer to appliances in your home in order to determine if there are older, less efficient appliances that are eligible for replacement.

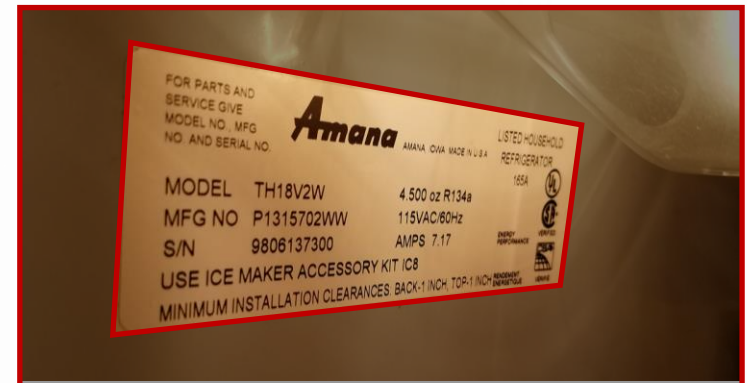

If you have older appliances in the home, use this guide to help the technician confirm eligibility for replacement.

Taking photos like the ones below may be valuable during the pre-assessment process.

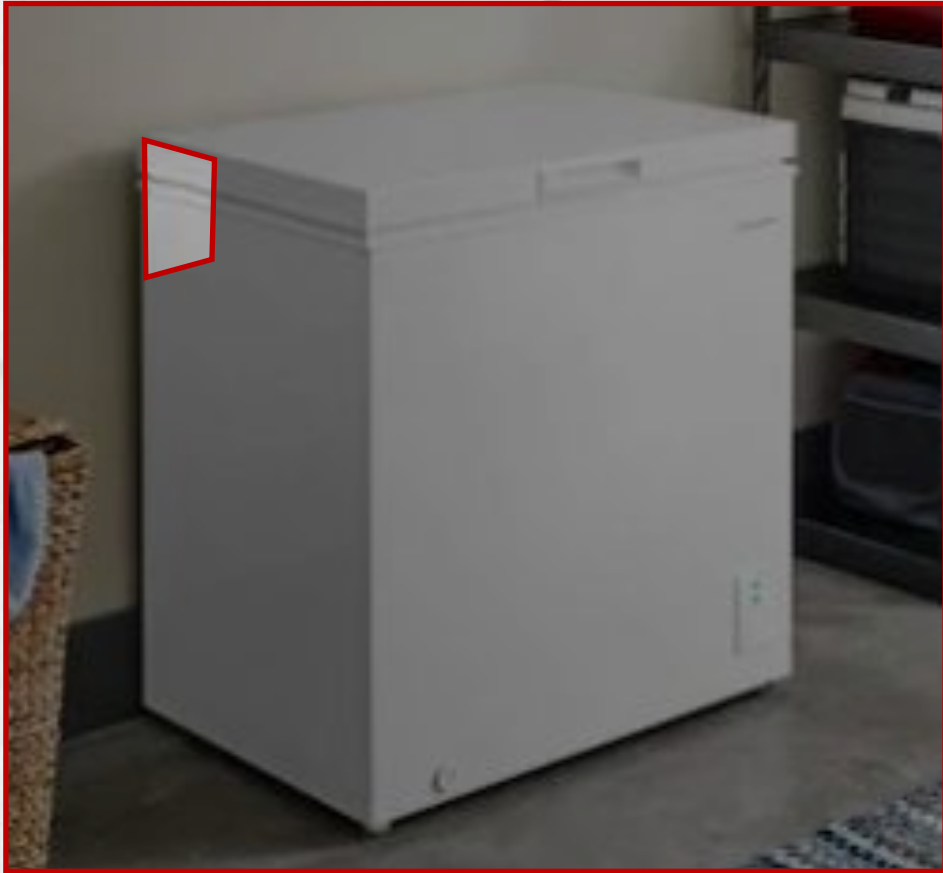

Refrigerator

- Stand-back photo of closed refrigerator
- The label can usually be found inside the unit on the side of the top shelf, or on the door.
